Key Findings

Betting Favorites

Match Results

Key Findings

- **Key features**
 - Home team favorite

Recommendations

“There’s no place like home”

- Do NOT always bet on the favorite
- If unsure, bet on the home team

Future Research

Areas of future research

- Specific team line-ups
- Results of heavy/even betting odds
- Effect of COVID-19 season

Premier League matches

August 1992-March 2020

June-July 2020

2020-21 season

PA graphic. Figures are for matches up to & including Sep 27
Percentages do not add up to 100% due to rounding
